

INT. ZOE'S LIVING ROOM - NIGHT

A lower middle-class room. Zoe, alone, dances in front of the TV to the Play Station version of Dance Machine, to The Jackson 5's "ABC" .

Zoe is an imaginative dancer, with a bold, unique style. She's serious as she watches the VIDEO OF PERRY ON HER CAMCORDER. She's DANCING WITH HIM, in a sense.

ZOE  
(breathless, focused)  
Follow...the arrows...

ON TV: Perry spins and so does Zoe. In sync!

ZOE (CONT'D)  
(singing)  
Easy as 1-2-3, A-B-C, 1-2-3, you  
and me!

A GROAN comes from the couch. From under the Lakers blanket, Topher rolls off the couch onto the floor.

TOPHER  
Ow.

Zoe turns off the Play Station, plops on the couch.

ZOE  
So what'd you do last night?  
Besides tag the gym?

TOPHER  
Were you spying?

ZOE  
Well, not on you, but yeah.

TOPHER  
On who?

ZOE  
*Whom.*

TOPHER  
*Dork.*

ZOE  
I was shooting. The "Life" series.

TOPHER  
How come you're never in it?

ZOE

In what?

TOPHER

In your "Life" series. I mean, you're shooting footage of all this stuff, and you're not in any of it.

ZOE

I'm just trying document the...

TOPHER

High-school microcosm. I know. But when people look at it, they won't even know you were there.

ZOE

I'm not there. That's the point. Nobody really knows who I am. I mean *knows me*-knows me. You know?

TOPHER

I know you. And I think you're out of your mind.

ZOE

What if I died tomorrow, what would people say? Nobody has a funny story about me. Nobody has a memory I made with them. Nobody even has a crappy thing I did to them. Nobody would even notice I was gone.

(re: tape)

With this, I have a record. Of what was happening to other people, while I was being invisible.

TOPHER

Why settle for invisible?

ZOE

Look who's talking. You paint these amazing murals and pictures and don't even sign it.

TOPHER

Zo, tagging is illegal. You can't really autograph crime.

Zoe laughs.

TOPHER (CONT'D)

But my work shows who I am. Your  
work shows who you're *not*. Is that  
what you want people to see?

ZOE

That's what I see.

Topher looks at his sister.

TOPHER

Twisted Sister, your vision's  
impaired.

ZOE

So's your face.

Topher throws a pillow at her head. They share a laugh.
